

Supply List for Sixth Graders

Welcome to 6th grade! Here is your suggested supply list. You will NOT have a desk in the classroom in which to store a lot of stuff, but rather a small cubby to store your backpack/lunch for the day.

I will be explicitly teaching binder and organization skills during the first weeks of school, so please DON'T fill your binder or pouch with ANY items prior to school starting – and do not label your separator tabs; simply bring your backpack filled with the following loose supplies:

BINDERS: Two 1 inch binders - each with a set of five separators.

PENCIL POUCH: Three hole punched

LINED PAPER: An on-going supply will be needed for home and school. Begin with several packs of college (or narrow) rule binder paper – loose and three hole punched.

GRAPH PAPER: One spiral bound (gum bound ok) 3 hole punched notebook of graph paper (4 sq/in.) for math notes. In addition, an ongoing supply of loose graph paper will be needed both at home and school. I suggest to begin with one pack – and again be sure it's four squares per inch and three hole punched.

SPIRAL NOTEBOOK: Two full size spiral notebooks – three hole punched and college rule.

PENCILS –Lots. A steady supply of 5-7 at school and at home will be needed at all times.

PENS – One or more packs of blue or black pens as well as a pack of red ball point pens.

HI- LITER PENS – One pack of hi liters (thin preferred).

DICTIONARY: To keep at HOME. We recommend the paperback American Heritage Dictionary. It needs to have the word origins.

ITEMS YOU MAY WANT TO DONATE TO CLASSROOM:

Packs of paper (lined and/or graph)

#2 pencils

Ball point pens of any color

Hole-reinforcement stickers

Dry-erase markers

Hi- Liter Pens

Box of Kleenex
