

First Grade Supplies:

I don't expect each child to get everything on the list. I have found that it usually works out just right and if there are things I don't get, I will ask again.

- **Pencils (sharpened please, it can be fun to do this in preparation for school).**
- **Glue sticks and more glue sticks,**
- **Scotch tape,**
- **Masking tape,**
- **Erasers,**
- **Colored pencils,**
- **Ream of copy paper,**
- **Stamp pads,**
- **Stickers and more stickers,**
- **Tissue,**
- **Paper plates,**
- **Dry erase markers. I am not a fan of magic markers but do like to have some for certain projects.**

Your child will need a backpack. Please let them practice packing it. This is a learned skill for some.

We share our supplies with our tablemates. Please explain this to your child. If they have something special they may keep it in a pencil box in their cubbies.

We also eat twice during our school day. Even on minimum days we have a snack at 9:40 and our lunch at 11:40.
