Dear new first grade families:

Welcome to first grade. I am excited to have your children in my class. I have watched them grow this past year and know that we will have a year filled with exploration, educational growth and lots of fun.

Please look on our website for a supply list for first grade. We use lots of glue sticks and tape. If you find any on sale this summer, pick it up for August.

Read to your child everyday and encourage their emerging literacy skills. Have fun and be safe.

Is there anyone willing to host (at a park) our August pre-school gathering? Let me know. 292-1781 or ccoralteach@gmail.com.

Peace and love,
Coral
