

# Supply List

Everyone should bring in..

- One pocket folder with brads (fasteners) for all loose papers
- 20-30 sharpened pencils to share
- One glue stick
- One roll of Scotch tape
- A ream of unlined paper for all the millions of creative things they love to make!
- A backpack that will fit into a cubby (no wheels please)
- A sketch book (a collection of blank pages) for daily sketching
- A box of latex-free band-aids
- A box of unscented tissues

Please no bulky binders, pencil boxes, or toys to start the year. Each student may bring in one small "stuffy" to keep in their cubby, but nothing else please. Our space is small, and the added items often create distractions. We will be sharing our supplies, to teach respect for our materials and our classroom.

I am looking forward to working with all of you!

Sincerely,  
Maria Dicintio
